Main findings

Note: Data in this brief are based on 4-quarter moving averages.

- In the August reference month of September quarter 2024, there were 2,930,586 employed persons in Queensland, which accounted for 20.4% of Australia's total employment.
- Over the year to September quarter 2024, of Queensland's top ten industries by number employed, the largest percentage increase in employment occurred in the *Retail trade* industry (up 8.7%). For Australia, within these ten industries, the *Health care and social assistance* industry had the largest percentage increase (up 5.7%).
- Over the year to September quarter 2024, of Queensland's top ten industries by number employed, the *Retail trade* industry recorded the largest contribution to employment changes in Queensland (0.8 percentage point). In comparison, the *Education and training* industry recorded the largest deduction in Queensland (-0.2 percentage point) (Figure 1).

- During September quarter 2024, the highest percentage of total employment in Queensland was recorded in the *Health care and social assistance* industry (15.4%). The highest percentage of total employment in Australia was also in *Health care and social assistance* (15.7%) (Figure 2).

Notes

The labour force statistics presented in this brief are based on a sample and are subject to sampling error. As such these estimates will exhibit, in some cases, large volatility in quarterly changes. Extreme caution should be used when making inferences from these estimates.

Industry of employment was coded to the ABS 2006 Australian and New Zealand Standard Industrial Classification (ANZSIC).
